Directory

Members are also invited to join the Network's database which lists a summary of their training, current practice and special interests.

The information on the database is published in a Directory of members at least every two years.

A simpler version of the Directory appears on the website, but withholding full addresses and telephone numbers. This can help those looking online for a spiritual guide in their geographical area.

The Directory is offered as a resource. It is not intended to give members any form of accreditation.

Origins:

The Spiritual Exercises Network grew out of a Conference in 1994. The Network promoted further national conferences in 1997, 2001, 2004, 2007, 2010, 2012, 2014 & 2016.

The conference is an opportunity for practitioners in the ministry of the Spiritual Exercises to meet, be nourished by speakers on themes relevant to the Exercises, participate in workshops and share resources.

All members of SEN are invited to attend the conference and to encourage other practitioners to attend.

We expect to be able to offer bursaries to help individuals cover the cost.

Each conference elects a committee to develop the vision of 'releasing the power of the Exercises' for the following two years.
